PROFESSIONAL PROFILE

I'm a frontend developer passionate about creating modern, responsive and visually appealing digital experiences. My goal is to apply my skills in HTML5, CSS3, JavaScript, Bootstrap and Tailwind CSS to design innovative interfaces that optimize user-website interaction. I seek to contribute to projects that drive functional and aesthetic web design, while continuing to hone my skills in the latest frontend development trends and technologies.

SOFT SKILLS

Specialist in frontend development, creating responsive websites and functional with attention to detail and commitment to quality.
